

IN THE CONSTITUENCY

IN PARLIAMENT

A.O.B

I welcomed Secretary of State for Education, Gillian Keegan MP, to [Uxbridge College](#) to celebrate both apprenticeship and colleges week.

I enjoyed visiting Ruislip High school to answer pupils questions about Parliament.

I enjoyed visiting the [Uxbridge Family Hub](#) with Health Minister Andrea Leadsom MP to understand the Best Start for Life Vision in action.

I visited [Royal British Legion](#) in Eastcote, to ask veterans how they are finding the new Veteran ID cards that Johnny Mercer MP introduced this month.

I hosted surgeries that included the following topics:

- Child abduction in Togo
- Housing
- Child custody
- Sub-contractors
- Council Tax
- Fostering
- Fallen Fence

To book a surgery, please email steve.tuckwell.mp@parliament.uk

BUILDING A NEW HILLINGDON HOSPITAL

It was fantastic to welcome the Secretary of State for Health and Social Care, Victoria Atkins MP, to Hillingdon Hospital. Together, we discussed the necessary funding, and progress so far on the [redevelopment](#). I also enjoyed meeting the [London Ambulance Service](#) in Hillingdon who work alongside Hillingdon Hospital. It is also important for me to support charities such as Samaritans, who help residents with their health and welfare, despite not being involved with the NHS.

FIGHTING AGAINST ULEZ EXPANSION

I have been out knocking on doors, and talking to residents about the outrageous implementation of ULEZ cameras by the Labour Mayor. I have recently been joined by the Transport Minister Guy Opperman MP, and Party Chairman Richard Holden MP.

EXTRA POLICE ON THE BEAT

It was fantastic to be joined by so many police at their Outreach Engagement Event focusing on Met Police Services recruitment in the community of Uxbridge. Under the Conservatives gov't. we have recruited 20,000 police officers nationally, 3,600+ in London, & I'm working on getting our fair share in Uxbridge and South Ruislip.

IMPROVING HIGH ST & SUPPORTING LOCAL BUSINESSES

I attended the Lidl drop in, and as we have lots in the patch, it was great to hear the new opportunities it brings for [apprenticeships](#). Likewise, the [aerospace](#) industry are also doing enormous work to encourage apprentices, which was discussed at the ADS Group UK drop-in.

EXTRA POLICE ON THE BEAT

I spoke at the [Knife and Sword debate](#) on the main issue of crime in London. Looking at the stats nationally, the Conservative gov't. have reduced crime. But, looking at London independently, it has increased. That's why we need a Conservative Mayor of London, not Labour.

PROTECTING OUR GREEN SPACES

A lot of residents have been in touch with me about their concerns of litter on major highways of Uxbridge & South Ruislip. So, I took it to the [chamber](#). I also attended the Great British Spring Clean drop-in to launch campaigns for residents to clean up litter.

IMPROVING HIGH ST & SUPPORTING LOCAL BUSINESSES

I spoke at the Budget Council Meeting in support of our Conservative Administration putting our [residents first](#). I also always enjoy catching up with our high street stores, this month I popped into Sainsbury's in Uxbridge and Argos. It was great to celebrate Sainsbury's [#BackBritishButton](#) launch too.

PROTECTING OUR GREEN SPACES

I went and [planted a tree](#) with Trees for Cities at Hillingdon Court Park. Together, we are creating long-lasting green spaces for all the community in Uxbridge & South Ruislip. Watch me plant a tree [here](#).

EXPANDING SEND PLACES IN SCHOOLS

I did my second Westminster Hall debate focusing on [SEND provision](#) in Uxbridge and South Ruislip to the Minister of Families, David Johnston MP. I know how important SEND is to the residents of Uxbridge and South Ruislip, and I will continue to support their aims.

EXPANDING SEND PLACES IN SCHOOLS

Orchard Hill College is for SEND youth, and it was so lovely to meet Evie in Parliament at the [Natspec](#). The Voice of Specialist Education Parliamentary drop-in. We discussed getting more people with disabilities in employment in Uxbridge and South Ruislip.

Steve Tuckwell MP
The Local Voice for Uxbridge and South Ruislip

BUILDING A NEW HILLINGDON HOSPITAL

Hillingdon Hospital, like all hospitals, are under pressure, especially post COVID-19. Charities are a big part of alleviating that pressure and being great supporters to residents. That's why I went to the [Charity Commission](#) drop-in, to find out that there are 218 charities registered in Uxbridge & South Ruislip, who are helping fund further research. For example, I went to the [Breast Cancer](#), [Cancer Research](#), and [Neurological Disorders](#) drop-in to hear about their progress.

A.O.B

Listen to my [Times Radio](#) interview.

As a strong supporter for animal welfare, I attended the [Delegated Legislation Committee](#), where we have passed new regulations to ban anyone without a specialist licence from keeping primates as pets.

CASEWORK UPDATE
